

EVT TECHTALK

A JOINT RESOURCE FOR EMERGENCY VEHICLE TECHNICIANS

How do I become a sponsor or supporter for the EVT Techtalk website?

We have three levels of sponsorship:

Tech Level:

This is for general members that feel the board is worth supporting. No obligation as the board is free for all EVT techs but for those that feel the need to support we appreciate the help.

There will be a Paypal donation button at the bottom of the bulletin board pages that members can use to donate.

Donation: Up to the individual

Association Level:

If your association wishes to support the EVT Techtalk website, your Association can donate funds to do this. This donation will give your association a private forum on the board to discuss your association business (Password Protected) and will also place your logo on the Association Supporters page.

Donation: 75.00 Per Year

Corporate Level:

If your company would like to donate to support the EVT Techtalk website you will get the following:

- **Logo Placement on the Vendor Sponsorship page**
- **Ability to offer specials to membership**
- **Ability to have a representative of your company answer questions about your product (officially) on the board**
- **Inclusion in future promotional materials**

Donation: 150.00 Per Year

Please contact: webmaster@ncfma.org with any questions about your sponsorship level
